EXAMINER'S AMENDMENT

1. This application is in condition for allowance except for the presence of claims 13 to 15, non-elected without traverse. Accordingly, claims 13-15 have been cancelled.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Vincent Sunderdick on January 22, 2004.

3. The application has been amended as follows:

Cancel claims 13-15.

5. Claims 1, 3-12 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 1 recites, inter alia, *inclination angle is such that each turn in the second layer is inclined by at least one pitch width.*

The references of record do not teach or suggest the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
